WHAT HAS GONE BEFORE

Twenty thirty. The world stands poised at the edge of World War IV. An explosion of thermo-nuclear proportions has been set off in **Neo-Tokyo**. The world, particularly the superpowers, wonder what has happened. In **Neo-Tokyo** in a section known as the 'old city', a band of teenaged delinquents led by **Kaneda** encountered **Number 26**, a child named **Takashi** who used extraordinary telekinetic abilities to injure **Tetsuo**, one of Kaneda's close friends.

As a result **Kaneda** and **Tetsuo** become entangled in a power struggle between a mysterious military and scientific organization led by a man known only as the **Colonel** and an underground resistance group bent on putting a stop to the Colonel's activities.

Among the resistance, **Kaneda** meets **Kay**—a girl he alternately maddens and tries to seduce—and Kays 'brother', **Ryu**. Other important resistance members include Ryu's superior, the opposition party leader **Nezu**, and a powerful religious leader with strong precognitive gifts, **Lady Miyako**.

The **Colonel** has a number of children like **Number 26** under his control. Each child possesses a distinct set of psychic talents and is identified by a number marked on the hand. At one time, **Lady Miyako** was **Number 19** in this series. **Number 28** is **Akira**, so powerful that since the war he has been suspended in cryogenic sleep.

The Colonels staff conducts experiments which awaken tremendous telepathic potential in **Tetsuo**, who is redubbed **Number 41**. Able to shrug off the most serious injuries, **Tetsuo** goes on a killing spree, murdering one of Kaneda's friends and even attacking **Kaneda**. Then followed by **Kay** and **Kaneda**, **Tetsuo** sets out in search of **Akira**, whose powers he fears may rival his own.

Tetsuo repels soldiers armed with the most sophisticated weaponry. The scientists monitoring Akira's cryogenic sleep realize that even in hibernation Akira's power is responding to Tetsuo's psychic energy. When **Tetsuo** reaches Akira's resting place, the cryogenic chamber cracks from within and **Akira**—dazed and docile following his long sleep—emerges.

Akira **The Colonel** **Tetsuo** **Masaru**

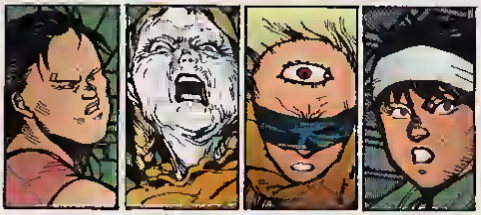
Terrified of what may occur, the **Colonel** summons the powerful SOL military satellite and orders that its laser cannon be fired at **Tetsuo** and **Akira**. The two are separated by the blasts. **Akira** is saved by **Kay** and **Kaneda**, but **Tetsuo** is less fortunate. The laser strikes his left arm.

Neo-Tokyo is placed in a state of military emergency following the disaster. 'Caretaker robots' patrol the streets, dealing harshly with looters and restoring order. Discredited and made a scapegoat following the disaster, the **Colonel**—who successfully conceals the truth about what has occurred despite leaks to the media—decides to use the emergency as an excuse to hunt down and destroy his enemies. With the aid of his inner circle, the **Colonel** stages a successful coup d'etat.

Nezu, planning to exploit **Akira** for his own purposes, kidnaps the child and orders his staff to kill **Kaneda**, **Kay**, and **Chiyoko**, who nevertheless manage to escape and free **Akira**. He is, however, stolen from them again, this time by **Sakaki**, **Miki**, and **Mozu**—young psychics trained by **Lady Miyako**, who now knows that **Nezu** has betrayed her. The **Colonel**, with his troops and his psychic children, is also frantically trying to find **Akira** before he fully awakens. On the Colonel's orders, **Tekashi** kills **Mozu** during a psychic showdown. **Nezu** corners **Sakaki** and **Akira**, but before he can do them any harm, **Miki** sacrifices her life, enabling the pair to escape. **Sakaki** hides **Akira** in a dumpster. There he is found by **Ryu**—one of the few people who doesn't recognize the child. **Ryu** and **Akira** encounter **Nezu**, who blurts out the boy's name.



Chiyoko **Kiyoko** **Seer** **Kay**

AKIRA: the movie
AN UPDATE

Over the past two months, the English-language animated film **AKIRA**, as presented by **Streamline Pictures**, has opened in several cities around the U.S. **AKIRA** has received critical acclaim in many of these cities leading newspapers. Following are excerpts from **AKIRA** reviews:

"Katsuhiro Otomo's **AKIRA** is the most expensive animated feature ever made in Japan (over 1 billion yen) and it's easily the most impressive as well. The two-hour film is adapted from Otomo's popular biweekly comic and, in the manner of contemporary Japanese comics, it is super-colorful, explicitly violent, intellectually provocative and emotionally engaging with its Perils-of-Pauline pace. Otomo has condensed the narrative sprawl of the comics to provide coherence, though there's a bit of **BACK TO THE FUTURE PART II** incompleteness to the story. That hardly matters, since the film moves with such kinetic energy that you'll be hanging on for dear life.

"Of course, **AKIRA** is not a long cartoon, but an ambitious animated feature that can be seen as a parable of scientific responsibility and cosmic rebirth, or just an action-packed serial. Or it can be seen as a visceral example of the future of animation."

—**THE WASHINGTON POST**

"An impressive example of today's Tokyo animation style, **AKIRA** is a long way from Saturday morning cartoons."

—**SAN FRANCISCO WEEKLY**

"If an animated film can be called mammoth, then Katsuhiro Otomo's **AKIRA** is. Of course, all animated films consist of painted panels, but the futuristic **AKIRA** is full of huge metropolitan vistas and massive destructive effects."

—**THE OREGONIAN**

"**AKIRA** is an astonishing piece of animation. Otomo has drawn his film with such amazing attention to scale, perspective, motion effects and panoramic viewpoints that some segments of it are dizzying.

"Others are so gritty, corrosive or violent, you almost feel assaulted.

"The frequently large-scale themes of **AKIRA** are fascinating, and have the tone of a disturbingly near future, just the other side of whatever nuclear holocaust seems to await us."

—**SAN FRANCISCO CHRONICLE**

"...the primary attraction is the artwork: the most expensive animated movie ever made in Japan, **AKIRA** offers exceptional detail, realistic lighting, and a palette ranging from DayGlo neon to dark-alley shadow (327 colors were used in all)—it makes **BLADE RUNNER** look like a filmstrip. Full of sometimes bloody ultraviolence and rampant destruction, this U.S. premiere is not for little kids, but it's indispensable to those with a serious interest in animated storytelling."

—**WASHINGTON CITY PAPER**

"Gang warfare, student protest, terrorism, military oppression, nuclear holocaust—these aren't the usual topics one thinks of in connection with cartoons.

"But then **AKIRA** is no ordinary cartoon."

—**THE SEATTLE TIMES**

"Are animated films really necessary? Why draw things that can just as easily be photographed? Generally, animators make objects perform stunts impossible anywhere but in their "magic" world. Yet sadly, most animated films are impoverished in imagination and theme. Even in a short film forged from line drawings, pieces of paper, or piles of soft clay, the secret of success is the story. And this is the secret of **AKIRA**."

—**WILLAMETTE WEEK**

'Readers of adult comic books should flock to Katsuhiro Otomo's revolutionary fable set in post-WWIII Neo-Tokyo

'These post-punk punks are much like the pre-punk punks of **A CLOCKWORK ORANGE**, in a **BLADE RUNNER** setting designed by Otomo in smoothly animated, state-of-the-comic-art with bilingual visuals and an English soundtrack that s strangely devoid of music.

' Otomo provides a visual momentum that carries you forward, even when you don't know where you're going or why.'

—SAN FRANCISCO BAY GUARDIAN

'**AKIRA** represents state-of-the-art Japanese animation, with a blazing variety of colors and detailed background that reflect a great deal of creative imagination. The film can be savored for its visual quality alone.'

—SEATTLE P-I

AKIRA

Ryu realizes that his former master is a traitor. When **Nezu** tries to kill them, **Ryu** guns him down and leaves him for dead.

As **Sakaki** and **Ryu** fight for control of **Akira**, they are suddenly joined by **Kaneda, Kay** and **Chiyoko**. Then all six of them are surrounded by the Colonel's troops. **Sakaki** makes a last ditch effort to escape and is killed, her spirit embraced by **Lady Miyako** as she dies. **Takashi** fondly greets **Akira** and reintroduces him to their fellow psychics **Kiyoko** and **Masaru**. Then **Nezu**, dying and determined on revenge, arrives and tries to kill **Akira**, killing **Takashi** instead.

The trauma of Takashi's death galvanizes **Akira**, who fully awakens and unleashes a light blast powerful enough to devastate the entire city. Acting quickly, **Masaru** and **Kiyoko** sweep most of the people in the area upward, into the shelter of a skyscraper. The entire resistance group is separated, and **Kaneda** is last seen vanishing towards the sky. In the wake of the disaster, **Lady Miyako** opens her temple and offers shelter and comfort to those in need.

Afterwards, as **Akira** sits alone, telekinetically playing with bits of rubble, **Tetsuo** finally reappears. **Neo-Tokyo** is completely cut off from the outside world, and in the western part of the city the **Great Tokyo Empire** is formed—a monarchy with **Akira** on the throne and **Tetsuo** as his prime minister. Together the pair use their powers, healing the sick, wielding control of the faithful, and organizing their subjects into fighting units that destroy caretaker robots and conquer military and medical relief parties sent from the outside world. In addition, **Tetsuo** conducts deadly tests on special followers, hoping to find more psychics fit for training. **The Empire** is eventually infiltrated by teams of spies sent from the outside to learn the truth about what is happening in the city.

Masaru and **Kiyoko** are sick with withdrawal from the drug which augments and helps to channel the powers of all psychics. **Kay** is trying to treat them with drugs she's been able to steal and get on the Black Market. Following an injection, **Kiyoko**, whose gift is precognition, tells **Kay** that she must seek out **Number 19**.

Lady Miyako **Lt. Yamada** **Tetsuo's Aide** **Ryu**
